

67 cm working width

**Sweeping performance: up to 2,300
m²/h**

Surmounts gutters and steps

Sweepmaster M600

Walk-behind sweeper for smaller in- and outdoor areas

Your number one choice for sweeping smaller in- and outdoor areas: Our model Sweepmaster M600 offers a very high sweeping and dirt-collecting performance of up to 2,300 m² of cleaned floor space per hour. Thanks to its shock-resistant steel frame, robust aluminium housing and almost indestructible plastic dirt hopper, this sweeper is a tough performer. The Sweepmaster M600 is particularly manoeuvrable and user-friendly, which makes this machine the ideal choice for handicraft businesses, industry and commerce as well as demanding property owners.

- **Very high sweeping and dirt-collecting performance**
- **Robust steel frame & solid aluminium housing**
- **Easy handling**

Special features

Designed with much attention to detail

Clean working every day:

1. The side broom sweeps dirt out of corners and edges and into the path of the wide sweeping cylinder.
2. The dirt hopper can be removed with ease.
3. Practical recessed grips and a chute enable precise emptying of the dirt hopper content into a dustbin.

Handle bar with benefits:

Thanks to its ergonomic design and adjustment options, the handle bar allows every user to find his/her optimum grip position.

Surmounting obstacles with ease:

The wheels protrude beyond the rear end of the machine, which makes it easy to surmount gutters and steps. And the Sweepmaster M600 is so slim that it fits through every door.
