

Slender Yet Mighty

Pack a compact punch with ORBOT SLiM

The ORBOT SLiM is designed for the consumer market specifically for small spaces such as bathrooms, hallways, and kitchens. It can easily fit under furniture for tough to reach areas. Its light weight structure is strong and capable of the powerful agitation that delivers superior results in all professional deep cleaning.

The ORBOT SLiM is a true low-moisture machine. It combines our Orbital Technology with a 2,84 Liter on-board solution tank and fixed spray system that cleans, strips, or restores any floor.

And there's no need to purchase multiple machines to handle different jobs because the ORBOT SLiM has a quick change pad system, making this machine one of the most cost effective and versatile floor machines on the market.

The ORBOT SLiM is very low maintenance, easy to use, and reduces labor costs. Save yourself time and money by owning one machine that does it all.
